Allowable Subject Matter

Claims 1-10, 12-15, 17-22, 24-27, 29-57, 59-62, 63-69, 71-74, 76-98, 100-103, 105-114, 117-135, submitted by Applicant on December 12, 2005 are allowed.

The following is an Examiner's statement of reasons for allowance:

With regard to claim 1, the prior art of record does not disclose a data storage method as claimed, wherein the method stores virtual device portions on a plurality of network servers using a backup controller that transmits a commit signal to network servers when the backup controller 1) receives a data ready signal and 2) does not receive a transmitted done signal in combination with all remaining limitations set forth in the independent claim.

The rationale set forth with respect to claim 1, similarly applies to independent claim 95.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
